## Responsibility for Patients 18 Years of Age

Patients 18 years old or over are adults and are responsible for payment of their own bills for services performed upon attainment of age 18 and must be set up with a separate account under their own name. If parents wish to accept responsibility for the adult family member, then a written responsibility statement by the parent/parents must be included in the over 18 patients file.

As the parent of, \_\_\_\_\_

who attained age 18 on, \_\_\_\_\_

I hereby accept responsibility for payment of any services performed by Dr. Hunsaker or his dental staff for him/her. After the course of treatment has been paid in full, and I no longer wish to accept responsibility for future treatment, I will so inform Hunsaker Dental in writing.
